During the summer of 1911 when the  
water at the lake became foul and un-  
fit for use the City Council determined  
to make some arrangement looking to  
the improvement of both the quantity  
and quality of the local water supply;  
it was their intention to make a  
thorough investigation as to the best  
method and the approximate cost of se-  
curing the best results along this line,  
then submit their information to the  
people and ask the citizens to vote a  
bond issue to defray the expense of the  
work. However, the city Board of  
Health brought the matter to a climax  
by notifying the Council that unless  
they immediately took steps to improve  
the quality of the water that they, the  
Board of Health, would condemn the  
lake. The Council was then perforce  
compelled to submit the question of a  
bond issue to the people at the last  
November election, which was done;  
the issue carried, the city now has with  
in its power the right to issue bonds to  
the extent of about \$12,000. It is our  
firm belief that it was tacitly under-  
stood by the citizens of the community  
when they voted for this bond issue,  
that the money was to be utilized for  
the purpose of extending the present  
system of water works to Dix river,  
putting in a supplementary pipe line  
and pumping station.

Such are the facts in the case, and  
we have no word of condemnation for  
anyone in the premises, on the contrary  
we believe that what was done should  
have been done, but it certainly has  
placed the Council in an unenviable sit-  
uation, the people are expecting the  
water work system to be extended to  
the river, have voted bonds for the pur-  
pose, and upon investigation, it has  
been found that the amount available  
will not be sufficient to make the ex-  
tension and to build a new and modern  
filter, the latter being an absolute ne-  
cessity. The filter now in use at the  
water works is absolutely worthless in  
so far as the performance of the work  
for which it was intended is concerned,  
that of purifying the water, for a re-  
cent analysis of the water when it was  
supposed to be foul, demonstrated the  
fact that the water taken direct from  
the lake was purer and contained a  
less number of germs than that which  
had passed through the filter and was  
taken from the hydrant. So it is readi-  
ly to be seen that a modern filter is the  
first necessity, for even if we had river  
water, it of necessity would have to be  
filtered before being used for domestic  
purposes. The consensus of opinion  
among experts, people who have made  
a study of the question, and are in a  
position to know, is that the best filter,  
and in fact the only one which gives en-  
tire satisfaction, is a chemical filter,  
and the lowest possible estimate obtain-  
able for a filter of this character is  
\$3500. This cuts quite a hole in the  
amount intended to extend the pipe  
line and build the auxiliary pumping  
station, and we doubt exceeding if the  
amount remaining would be sufficient  
to do this work.

There has been a great many civil  
engineers here looking over the ground,

with a prospect of making the plans  
for the preliminary work, including one  
gentleman from the Ky State College  
at Lexington, and who is an eminent  
authority on water plants, and they  
pretty much all of them agree that it  
would be folly for us to go to the river,  
when we can readily arrange the pres-  
ent lake so as to have sufficient water,  
and so improve the quality as to make  
it as good as the water from any cis-  
tern, and all at a cost far below that of  
going to the river.

The present lake or reservoir covers  
4 1/2 acres and has an average depth of  
12 1/2 feet, giving a capacity of 12,734,092  
gallons. The experts say that the dam  
which maintains this water supply and  
which is 100 feet wide at the base, sub-  
stantially constructed and in splendid  
condition, would support an additional  
dam ten feet in height built on top of  
it, and a dam five feet high would almost  
double the present capacity and making  
allowance for all losses from percola-  
tion, evaporation & etc would assure  
us of at least 35,000,000 gallon of water  
which would be amply sufficient to sup-  
ply the requirements of Lancaster for  
all time to come, unless the require-  
ments should increase in such a meas-  
ure as cannot now be imagined.

As we have before stated, we are in  
favor of the extension to the river, and  
we believe that is what the people  
expected when they voted for the bond  
issue, but we are fully aware of the  
fact that the Council cannot accomplish  
the impossible, and if upon thorough  
investigation, they find their means  
will not permit of their making the ex-  
tension and also installing a chemical  
filter, but that it is within their means  
to make the additional dam and con-  
struct the new filter, and that the re-  
sults will be satisfactory water, both  
in quantity and quality, then we say  
let us have the improvement of the  
present reservoir. We have confidence  
in our City Council, we believe that it  
is their earnest desire to conserve the  
interests of the community, to do the  
very best that is in their power with  
the peoples money, we recognize the  
fact that the present dilemma was in a  
measure forced upon them and we  
thoroughly appreciate and sympathize  
with them in their extremities, and we  
further sincerely believe that they will  
do the very best that is in their power  
in the matter, and finally that the peo-  
ple will be satisfied with the result of  
their labors, whatever those results  
may be.

While the matter is under considera-  
tion, it is the duty of every citizen to  
attend the council meetings, take part  
in the discussions of the matter and to  
offer whatever of advice you may deem  
proper. You will be welcome and can  
probably be of assistance.

### A Correction.

We were incorrect in our statement  
in last weeks issue that Dr. Dick would  
probably start a Keely Institute some-  
where in the state. The proprietors of  
the Institute at Crab Orchard have the  
exclusive Keely rights for the state of  
Kentucky.

### Turley.

Mr. Green B. Turley of Richmond  
who suffered a stroke of paralysis at  
Hot Springs Ark., and account of  
which appeared in last weeks Record,  
died on the 16th inst and his remains  
were brought to Richmond for inter-  
ment on last Tuesday.

### Judge Tarter To Speak.

Judge Roscoe Conkling Tarter of  
Somerset will address the Roosevelt  
Club at the Court House at 2 o'clock  
tomorrow (Saturday) afternoon. Mr.  
Tarter is judge of Pulaski county and  
is one of the big guns of the Republi-  
can party in the "bloody Eleventh,"  
and is said to be a speaker of consid-  
erable force and eloquence.

### Promotion For A Worthy Man.

Mr. Stephen A. Walker of Lancaster  
who for the past two years has been  
connected with the International Har-  
vesting Co. as a salesman, has severed  
his connection with that company and  
has accepted a position with the Bird  
sell Wagon Co. to travel the state of  
Kentucky for them, the change to take  
effect on the 23d of this month.

### Editor Landram Here.

Lewis Landram, the clever editor of  
the Danville Messenger, was here Sat-  
urday and Sunday, called by the death  
of Miss Mollie Smith who was an Aunt  
of Mrs. Landram. This is the second  
time within the year that Mr Landram  
has been called here on such a mission,  
and the pleasure of seeing him is mar-  
red by the knowledge of the sad errand  
which brings him.

### Circus Time Coming.

Already we begin to read circus ad-  
vertisements in our exchanges and  
they prove much more interesting than  
the claims and merits (?) of the vari-  
ous political candidates with which the  
press has been deluged of late, and we  
welcome the finish of the various con-  
ventions, when we may have a cessation  
of politics for a time, and the coming  
of spring when we may have the op-  
portunity to "take the children" to see  
a good old fashioned circus.

### Attack's School Principal.

A severe attack on school principal,  
Chas. B. Allen, of Sylvania, Ga., is  
thus told by him. "For more than  
three years," he writes, "I suffered in-  
describable torture from rheumatism,  
liver and stomach trouble and diseased  
kidneys. All remedies failed till I used  
Electric Bitters, but four bottles of  
this wonderful remedy cured me com-  
pletely." Such results are common.  
Thousands bless them for curing  
stomach trouble, female complaints,  
kidney disorders, biliousness, and for  
new health and vigor. Try them.

### Fair Meeting.

All persons desiring to take stock in  
the Garrard County Fair Association  
are requested to meet at the Gar-  
rard Bank & Trust Co. on Saturday af-  
ternoon March 23d at 2 o'clock. It is  
desired to allow all who wish it to have  
stock, but the organization must be  
perfected at once and this will be your  
last opportunity to secure stock.

### Improvements In Business Houses.

Mr. J. E. Stormes has removed the  
stairway leading to the rooms over  
Hurt & Anderson's furniture store, the  
entrance to those rooms now being  
by way of the stairway leading to the  
rooms over the drug store, a door  
being cut on the south side of the hall-  
way at the head of the stair case. The  
rooms are being thoroughly overhauled  
and will make the handsomest suite of  
office rooms in town. The furniture  
store room is being thoroughly overhauled  
and remodeled, the front being solid  
glass with handsome entrance on south  
side next to Haselden Bros. and when  
completed will be one of the most pre-  
sumptuous store of its kind in central  
Kentucky.

The Hemphill building has been re-  
modeled and is occupied by Mr. W. A.  
Dickerson. The buildings has new  
shelving and other internal improve-  
ments and has received a fresh coat of  
paint, and now presents the most at-  
tractive and cleanly appearance.

The inclination on the part of our  
merchants to remodel and clean up is  
quite commendable and lends much to  
the appearance of the town.

### June 30-August 1st, Dates For The Lancaster Fair.

The Lancaster Fair as announced  
over two months ago in the columns of  
this paper, will be held on the usual  
dates, July 30-31 and August 1st. These  
are the dates upon which the Fair has  
been held for years and upon which it  
will continue to be held. The following  
article appearing in a recent issue of the  
Danville Messenger would indicate that  
Mercer county intends to hold their  
Fair upon these dates:-

"At the recent meeting of the secreta-  
ries of the principal stock fairs in this  
section, the following dates were  
agreed upon: Harrodsburg Fair was  
fixed for July 30, 31 and August 1 and  
2, and Danville for August 7, 8 and 9,  
Stanford August 21, 22, 23."

We would respectfully ask if we  
may inquire whether or not the Lan-  
caster Fair is considered among "the  
principal stock fairs in this section,"  
and if so, if anyone in Lancaster  
or Garrard county was notified of this  
meeting of secretaries, and who rep-  
resented this county at the meeting,  
and if that representative waved our  
dates, or any other of the privileges of  
the Lancaster Fair.

We are exceedingly sorry that our  
esteemed Mercer county neighbors  
have seen proper to hold their fair on  
the same dates which we propose, and  
which we always have held ours, for  
each will necessarily detract some from  
the others attendance. However, we  
have gone too far now to make any  
changes in our dates, even were there  
occasion for such a change, for enough  
of the leading horsemen of the state  
who are accustomed to make exhibi-  
tions in fair rings, have signified their  
intention of being here on our usual  
dates to insure a fair well up to our  
standard, and we cannot afford to  
disappoint them.

### Act As Brutal And Barbaric As The Bat- tle Of The Little Big Horn Or Any Other Indian Massacre, En- acted In Virginia.

At Hillsville Va., a village way up  
in the fastnesses of the Blue Ridge  
mountains on last Thursday, when a  
circuit judge had just finished sentenc-  
ing a man named Allen to a term of  
one year in the penitentiary for as-  
saulting and beating an officer and en-  
abling a prisoner to escape, a verdict  
of guilty having just been found by a  
jury, the condemned man and a score  
of his friends opened a general fusillade  
in the court room, with the expressed  
intention of "wiping out the court",  
and when the smoke of battle had  
cleared it was found that their threat  
had been carried out literally and the  
court was exterminated. The Circuit  
Judge lay prone across the bar of jus-  
tice with his life blood flowing from  
fatal wounds, the Commonwealth's  
Attorney fell dead in his tracks the  
sheriff, who sprang to secure the pris-  
oner just sentenced, fell the victim of  
a bullet, and the Circuit Clerk was  
mortally wounded, also many jurymen  
were wounded, including a young wo-  
man who afterward died as a result of  
her wounds. After completing their  
deadly work the assassins mounted  
horses which were tied in the court  
house yard and fled to the mountains.

Three of the Allens, including the  
one who was on trial and who was the  
cause of the trouble have been re-  
captured after a bitter fight in which  
Allen was severely wounded, and his  
wife killed and are now in jail at  
Roanoke. The remainder of the out-  
law crew are at large and every minion  
of the law in the State of Virginia is  
on the alert for their capture. The  
Governor has sent another circuit  
judge to Hillsville, who has reorgan-  
ized the court and empaneled a grand  
jury and indictments have been return-  
ed against the participants in the car-  
nage, and every effort will be made to  
bring every man connected with it to  
justice.

Judge Thornton L. Massie, the cir-  
cuit judge who met such a cruel and  
untimely death, is well known in Ken-  
tucky, having married a Miss Nichol-  
son of Middleboro.

### We Hope So.

It is expected that when the new  
Fish and Game Commission is organ-  
ized and gets down to work in real  
earnest, and the State Fish Hatchery  
is placed in operation at the State fair  
grounds there will be hard sledding for  
the dynamiters and seine and net man-  
ipulators who ply their nefarious oc-  
cupations in the Kentucky River and its  
tributaries in the Blue Grass section.

### Interesting Lecture.

Dr. W. L. Heizer, State Registrar  
of Vital Statistics, gave an interest-  
ing lecture at the Court House on  
Thursday night. He discussed at  
length Tuberculosis, Pellagra, Spinal  
Meningitis Hookworm and other dis-  
eases prevalent in Kentucky. He  
made some very pertinent suggestions  
as to improvement in the sanitary con-  
ditions of the city, the schools and all  
public buildings, a more extended ac-  
count of which will give next week.

### Last Of The Ill Fated Maine

Attended by all the solemn pomp and  
ceremony of a marine burial the bat-  
tered hulk, all that remained of the ill  
fated battle ship Maine, was sunk in  
the Gulf of Mexico nine miles off the  
Cuban coast on last Saturday. Her  
decks were strewn with American  
beauty roses, and her battered and  
rusty sides were draped with somber  
black. The immediate cause of a short  
but decisive war between the United  
States and Spain now rests under sixty  
fathoms of water.

### More Religion For Men.

The Men and Religion Forward move-  
ment services began today (Thursday)  
at the Methodist church, services at  
2:30 o'clock in the afternoon and 7:30 in  
the evening; Friday at the Baptist  
Church and Saturday at the Christian  
Church, the same hours for service be-  
ing observed each day. These meetings  
are for men and boys only, and all who  
so should attend, as prominent  
laymen from Louisville will be present  
and will make interesting addresses.

### SPRING OPENING.

### Larue Simpson Remains Arrive.

The remains of Larue Simpson, an  
account of whose death in Los Angeles  
Cal. appeared in last weeks Record,  
arrived Monday night and were in-  
terred in the Lancaster cemetery Tues-  
day afternoon. As an evidence of the  
esteem in which he was held in his ad-  
opted home, a telegram was received  
here from Mr. A. Grieve of Los Ange-  
les, for whom Mr. Simpson conducted  
an extensive business, instructing that  
the sum of \$50. be invested in flowers  
to be placed on the grave of the de-  
ceased.

### Brown's Opening.

Mr. R. S. Brown has announced that  
he will have his millinery opening this  
season on Saturday, March 30th. His  
buyer has been in Cincinnati and Louis-  
ville and this year has the largest and  
most stylish line of ladies hats ever  
shown in Lancaster. He asks each and  
every lady in Garrard county to call at  
his store on this date and inspect the  
beautiful hats. You will also enjoy  
yourself if you call for there will be a  
large crowd of your friends there and  
you will be entertained by music on the  
grand piano which is to be given away  
free to some young lady who wants it.

### Change In Position.

The patrons of the L & N at this  
place will learn with regret that Miss  
Sarah Reid, the accommodating and ef-  
ficient clerk at the depot has resigned.  
The public will note with pleasure the  
fact that she has accepted the position  
as head operator at the telephone ex-  
change and assumed charge on the 16th  
Miss Sara is well acquainted with this  
work having been night operator for  
quite a while before accepting the po-  
sition at the depot. We congratulate  
the company on securing her services  
and predict for its patrons, prompt ser-  
vice, courteous treatment and a pleas-  
ant "number please."

### Ham-Rankin.

At the suburban home of the brides  
parents at Hyattsville Tuesday after-  
noon Rev. F. M. Tinder performed the  
ceremony which united for life Miss  
Malissa Ham and Mr. Charles E. Ran-  
kin. Immediately after the ceremony  
the happy young couple boarded the  
afternoon train for Louisville, and  
from there will make an extended tour  
of the South, returning in about three  
weeks to make their home with the  
grooms parents in the eastern edge of  
Boyle county near the Garrard line.  
The pretty bride looked her loveliest  
in a handsome white voile dress over  
white satin and carried a huge bouquet  
of brides roses and carnations. The  
wedding was a quiet affair, only the  
immediate families and a few friends  
being present.  
Both of the contracting parties are  
well known and popular in Lancaster,  
and are prominent members of society  
in their own localities. The bride is  
23 years of age and is the daughter of  
Mr. and Mrs. J. S. Ham of Hyattsville  
while the groom is the son of Mr.  
Robert Rankin of the Hedgeville  
neighborhood, and himself a prominent  
young horseman and mule trader.

### Dr. Charles W. Fox Former Resident Of Garrard County Dies In California, Where He Had Attained Prominence.

The following account of the death  
of Dr. Charles W. Fox is taken from  
the San Jose (Cal.) Times. Dr. Fox  
was born in this county and will be  
well remembered by many of our older  
citizens. He at one time taught school  
in the county. He is a brother of Mrs.  
Elizabeth Smith and an Uncle of Mrs.  
John M. Logan, both of whom now re-  
side in New York.

"Dr. Charles W. Fox, pioneer mining  
man and capitalist of this state, died  
at the Hotel Vendome last evening a  
little after 7 o'clock, at the age of 86  
years. He had been retired from ac-  
tive business for the past five years  
and most of that time he has spent in  
this city at the Hotel Vendome.

The late Dr. Fox was well known  
among the older business men of the  
state and took an active part in the  
mining booms of early days. He had  
an important part in the transactions  
of the old Bank of California and at  
one time loaned the late Senator  
George Hearst the money with which  
the great Hearst fortune was later  
amassed. The late Charles Fox was  
widely known among all of the miners  
of the bonanza days, and everywhere  
he was known it was with reverence  
and respect.

Dr. Fox was born in Lancaster, Ky.,  
in 1826, and when a young man entered  
the Louisville Medical College, gradu-  
ating later from the Cincinnati Medical  
College.

He came to California from Panama  
as a ship's doctor in the early spring  
of 1850. Landing at San Francisco he  
went to Amador county, where he  
practiced medicine in the mining camps  
for several years, later going to Vir-  
ginia City, Nev., where he was present  
at the time of the Comstock strike.  
He gave up the practice of medicine

while in Nevada and entered the min-  
ing and brokerage business, which he  
followed for the next thirty-five years.  
In 1905 he retired from active busi-  
ness and in 1906 came to San Jose,  
where he has been ever since, residing  
at the Hotel Vendome.  
In 1850 he married Sarah Jones, the  
daughter of William Jones, a promi-  
nent pioneer of this valley. She sur-  
vives him. There were no children.  
Dr. Fox has been attended for the  
last forty years by James Gillan, his  
old business associate, and the pair  
have always been the warmest of  
friends.  
The interment, which will be private  
will be in the Santa Clara cemetery."

### All Teachers Re-elected.

At a meeting of the trustees of the  
Lancaster Graded School held this  
week the entire force of teachers now  
employed were re-elected to their re-  
spective positions for the next school  
year 1912-1913. Prof. Riley and his  
splendid corps of assistants are giving  
to the patrons of the local school one  
of the very best graded schools in Ken-  
tucky, and the appreciation in which  
they are held by the trustees and the  
public is evidenced by their re-election.

### High Grade Entertainment.

An Oratorical and Declamatory Con-  
test will be held at the Court House in  
Lancaster Ky., one night during the  
closing week of the present term of  
The Lancaster Graded School.

Handsome Presents will be awarded.  
Ladies and Gentlemen between the  
ages of twelve and eighteen will be ad-  
mitted. Particulars will be published  
later.

## VERIFY IT.

The Proof Is In Lancaster Almost At Your Door

The public statement of a Lancaster citizen is in itself strong proof for Lancaster people, but confirmation strengthens the evidence.

Here is a Lancaster citizen who testified years ago that Doan's Kidney Pills relieved weary kidneys and now states the result was permanent. Can any sufferer from kidney ills ask better proof? You can investigate. The case is right at home.

George Wright, carpenter, Stanford St., Lancaster, Ky., says: "I willingly confirm all that I said in 1908, praising Doan's Kidney Pills. They do all that is claimed for them. I suffered a great deal from my kidneys and back. Pains through my joints extended to the sides and over the kidneys. I used Doan's Kidney Pills and my kidneys became normal and the pains stopped."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

## The Secret Is Out.

Hortense Cavalla, was known as the most beautiful woman in Europe.

It was common knowledge that a prince of the royal blood, heir to the throne of one of the oldest European countries was so enamored with her charms, that he had repeatedly offered to marry her and relinquish his kingdom.

She was the envy and despair of all the ladies of the court as the men had eyes for no one but her in her presence. And while her figure and feature were beautiful it was the surpassing loveliness of her complexion which was her greatest charm.

Her skin was as white as alabaster, smooth and velvety of texture and her color rich and warm.

## No Greasy Face Cream For Her

What Did She Use?

That was the question so many people were dying to know. Cavalla would not tell and others could not tell the secret, because they did not know.

Just how a certain Chemist discovered her secret would make an interesting story alone, one we have not the space to tell; suffice it to say that money could not buy her famous recipe and one of the conditions was that it should never be sold in Europe where her envious rivals could obtain it.

## She Used A Face Retenoid

The Silron Mfg Co. has been organized to manufacture her famous recipe and they have termed it after the properties it possesses, "ALABASTROL."

The story told above is true in every particular with the single exception of the famous European Beauty's name as she does not want newspaper notoriety. Alabastrol is something entirely new; not a face powder, neither a lotion, nor a Cream.

Yet possesses the properties of all to a more intense degree accomplishing far better results in a shorter space of time.

Why use face creams if you only offset their beneficial properties a moment later through the application of skin drying face powders of often doubtful origin? Powders blow off, soil your clothes and give your face a chafed appearance at once indicating their use.

It is not so with Alabastrol, it is rubbed into the skin much as you would a cream (only after its use you won't need any creams) and in a few seconds the beneficial and essential oils are absorbed by the skin and presto—

## Now Note The Skin

Not oily or greasy appearing, but a dull velvety looking smooth surface will be reflected to you from your mirror—a truly alabaster like effect and what is more will remain that way for hours and no one will be able to detect its use.

We do not claim that all can possess the beauty of Cavalla but we do claim that any one may obtain a beautiful complexion by using Alabastrol.

Now remember our claims are not the origination of a fertile mind as the Silron Mfg Co. is incorporated under the laws of the State of Colorado and that Alabastrol is guaranteed under the U. S. Pure Food & Drug Act to contain nothing but the purest ingredients, and is manufactured under modern and hygienic methods.

Alabastrol is healing and antiseptic in effect, and though it has been on the market but a short time everyone who has used it says it is "The Most Perfect Complexion Beautifier and Mail Orders from all over the country are pouring in."

We send "Alabastrol" in plain wrapper to any address in the U. S. on receipt of 50 Cent Silver.

Work Of Recent Session Of The Kentucky General Assembly Which Has Received The Official Stamp Of Approval Of Gov. McCreary.

Governor James B. McCreary has signed and given his approval of 102 bills passed by the last legislature, of these 54 originated in the House and 48 in the Senate. Among the latter is Mr. Farr's bill amending the law governing the deposit of life insurance companies with the State Treasurer. Following are prominent among the bills which have met his approval and received his signature:—

Appropriating \$75,000 for the erection of a Governor's Mansion.

Qualifying women to vote in school elections and to hold school offices.

Abolishing State Board Of Prison Commissioners, creating a board of three members and placing the power of their appointment in the hands of the Governor.

Appropriating \$50,000 additional annually to the State University at Lexington; \$35,000 additional annually to the Eastern Kentucky Normal School at Richmond and \$25,000 additional annually to the Western Kentucky Normal School at Bowling Green.

Creating the position of Commissioner of Public Roads.

Extending the provisions of the County Unit Law.

Prohibiting the sale in Local Option territory of any beverage containing alcohol.

Increasing the pay of members of the General Assembly to \$10. per day.

Creating the county of "McCreary from parts of Wayne, Pulaski and Whitley counties.

There are many other measures which the governor has not yet reached which have not as yet, but in all probability will meet with his approval. He has not as yet vetoed any measures passed by the General Assembly, but it is safe to say that before he is through with the long list he will be compelled to "get the axe."

### DEATHS.

Smith.

At midnight last Friday, the 15th, death claimed one of Garrard county's best known and most popular ladies, Miss Mollie Smith, who had been seriously ill at the home of her sister Mrs. H. A. B. Marksbury in this city for some time. Miss Mollie had been in feeble health for several years and for the last few months the summons had been expected at any time. After short services at the grave on Sunday afternoon by Rev. O. P. Bush, her remains were interred in the Lancaster cemetery. There was not a more widely known or more thoroughly beloved lady in Garrard county than Miss Mollie Smith, a devoted and lifelong christian, a consistent member since her childhood of the Baptist church, of a gentle and kindly disposition, with always a kind word and winning smile for everyone. she knew none but friends everyone was drawn to her, and her presence will be missed in the community more than that of any one whom death has claimed in a long time. The deceased was 70 years of age and by a long life devoted to the service of her Master, and by a kindly consideration for everyone on earth, there is not a doubt in the mind of anyone who knew her, but that she has entered into the reward which is the recompense of all who lived such lives as she lived on this earth. One sister, Mrs. Marksbury survives her.

bury survives her.

Adams.

A sad surprise to a host of friends and relatives in Lancaster and Garrard county was the death of Mrs. Annie Adams which took place in a Louisville sanitarium on Friday the 15th inst. Mrs. Adams was employed in a wholesale millinery store in Louisville and suffered a stroke of paralysis while at her work, she was taken at once to a sanitarium, but died within the day. Her remains were brought to Lancaster and interred in the local cemetery on Saturday afternoon.

The deceased was the widow of the late Armistead Adams, who was a brother of Mr. Jack Adams of this place, and who many years ago preceded his wife to the grave. She was a daughter of the late William Ferrill, and a grand daughter of Mrs. Ann M. Broadbudd. She is survived by two sisters, Mrs. James Turner and Mrs. Joe Arnold of Richmond Ky., and two brothers, John Ferrill of Arkansas and William Ferrill of Richmond Ky.

Mrs. Adams was well known in Lancaster, having recently been employed by Mr. Bastin at the telephone exchange, and by Mr. R. S. Brown, and for several years she was in charge of the telephone exchange at Paint Lick Ky. Mrs. Adams was an industrious and deserving woman, and her death will come as a sorrow to many friends who admired her for her many noble traits of character.

## Sparkling Eyes.

A STORY

Many otherwise beautiful women have been neglected by nature with a lack of glossy, lustrous, dark eyebrows; many Blonders of True Norse-mantype with beautiful eyes cannot show them off to an advantage through lack of dark, heavy, lustrous eyebrows. To meet a universal and popular demand among the fair sex we have after much experimenting produced a compound termed "DABRO" consisting of harmless Organic Substances, Essential Oils, Balsame, etc., yielding by our process a stiff emulsion which will stimulate growth of the eyebrows and darken them to the desired shade.

### Harmful Eyebrow Pencil.

Should be discarded as they only tend to envelope your hair with the film of greasy matter, preventing access of fresh air and thus to your detriment serve the opposite purpose for which you had intended them—namely, beautifying yourself.

A more modern, absolutely harmless, hygienic and effective medium is.

### "Dabro"

It will not only stimulate growth of your eyebrows and darken them if too light, but will produce a luster and glossiness not duplicated by any other means. We guarantee that Dabro will do what we claim for it if used as directed or we will cheerfully refund your money.

Dabro will be sent in plain wrapper to any address in the U. S. upon receipt of 50 cents in silver.  
Guaranteed under U. S. Pure Food and Drug Act.

D. Cochran, Dr. J. B. Kinnaird, J. W. Elmore, J. A. Beazley, Dr. J. A. Amon, and the following proceedings were, had J. A. Beazley introduced the following resolutions: "Be it resolved by the board of trustees of the Lancaster Graded School Common district white 24, whereas the present school buildings are unsuitable for the purpose of maintaining and conducting a good graded common school in this district, and whereas there is insufficient funds to build same and practically no funds available for that purpose, and whereas in our opinion it is necessary to order an election and submit to the voters of said district, the question whether or not the trustees thereof shall issue bonds of said district in the sum of \$29,000.00 for the purpose of providing suitable school buildings, furniture and apparatus, for said district. It is now unanimously ordered that an election be held for said purpose and same is hereby ordered to submit to the voters of the said district the question whether or not the trustees thereof shall issue bonds of said district in the sum of \$29,000.00 said bonds to be \$1000. each, and one of said bonds to be due on the 1st day of April each year until paid, and the same shall bear interest from date at the rate of five cent per annum for the said purpose. It is further ordered that due notice of said election shall be given by said trustees by written or printed posters, not less than one foot square, signed by said trustees, stating the time, date and hour of said election, posted at not less than six public conspicuous places in the district for ten days previous to the day of the election, and by one insertion thereof in the Central Record a news paper published in said district. The board shall appoint two Judges, a clerk and a sheriff to hold said election, who shall be first duly sworn before acting, and shall be housekeepers, tax payers and residents in said district and one of the Judges shall ask of each voter "are you in favor of the issue of bonds by the trustees of this Graded common School district, for the purpose of providing suitable school buildings, furniture and apparatus for this district?" and the clerk shall record the answer "yes" or "no" as given by the voter. It is further ordered that said election shall be held at the present school house building on Lexington street in the city of Lancaster in said district on April 6th 1912 between the hours of 1 o'clock p m and 6 o'clock p m and said trustees duly appointed A. R. Denny and G. S. Greenleaf as Judges Tom Wherritt as clerk, Geo. Smith Sr. as sheriff to hold said election and, they are hereby ordered and directed to hold said election at said time and place for said purpose.

Whereupon said Beazley moved the adoption of said resolution and J. B. Kinnaird seconded said motion whereupon same was unanimously adopted and passed by vote taken, all of said Trustees voting for said resolutions.
